

Will vs Going to

CEFR B1

Lesson Pack · summary, worksheet & answer key

Quick answer

Both talk about the future. Choose by how decided the action is:

- 1 Will — instant decisions, promises, general predictions (I'll help you).
- 2 Going to — plans decided before now, predictions from evidence (I'm going to travel; it's going to rain).

Decided at the moment of speaking → will. Decided earlier, or you can see it coming → going to.

At a glance

	Will	Going to
Decisions	now, on the spot	before now (a plan)
Predictions	general or opinion	based on evidence you can see
Promises & offers	yes — I'll help	no
Example	I'll answer it.	I'm going to call her later (planned).

Learning objectives
