

Prepositions of Place: at/on/in

CEFR A2

Lesson Pack · summary, worksheet & answer key

Quick answer

For place, the three main prepositions map to shapes:

- 1 at — a point or location (at the door, at the station, at home).
- 2 on — a surface or line (on the table, on the wall, on the bus).
- 3 in — an enclosed space or area (in the box, in the room, in Spain).

Learn the fixed pairs: in bed, on the bus/train/plane, at work/school, in hospital, on the left/right.
