

Countable & Uncountable Nouns

CEFR A2

Lesson Pack · summary, worksheet & answer key

Quick answer

Nouns are countable or uncountable, and that changes the words around them:

- 1 Countable — a/an, a number, a plural (an apple, three apples).
- 2 Uncountable — no plural, no a/an; use some or a unit (some milk, a carton of milk).

Common uncountables that trip learners up: information, advice, furniture, news, money, bread, luggage.
